

Exhibit “R-3”

CANADIAN REXULTI® CLASS ACTION

NOTICE OF SETTLEMENT APPROVAL HEARING IN QUÉBEC

Please read this notice carefully. Ignoring this notice will affect your legal rights

TO: All persons in Canada, including their estates, who:

- were prescribed and ingested REXULTI® between **February 16, 2017** and **August 23, 2025**;
- by virtue of a personal relationship with a REXULTI® Class Member, are entitled to assert a claim pursuant to the *Civil Code of Québec*, the *Ontario Family Law Act* as amended, or equivalent provincial and territorial legislation (such as spouses, children, grandchildren, parents, grandparents, brothers and sisters).

The Canadian class action lawsuit alleges that the Defendants were negligent in failing to warn Class Members that REXULTI® can cause, contribute to, or exacerbate Compulsive Behaviours and Impulse Control Disorders, specifically compulsive or pathological gambling, hypersexuality, binge-eating, and uncontrollable shopping.

The parties in the class action have reached a proposed settlement (the “Settlement”), subject to approval of the Superior Court of Québec (the “Court”).

The Court has not made any determination of the merits of the claim. The Defendants have denied, and continue to deny, the allegations against them in the Class Action and have had no role in the determination of Settlement Class Member eligibility to participate in the Settlement or the allocation of benefits available to Settlement Class Members (see Section “D” below).

The Settlement provides for the creation of a CDN \$4.75 million Settlement fund, of which approximately CDN \$2.85 million will be used to pay compensation for Approved Claims, including CDN \$118,750.00 in satisfaction of the claims of the Public Health Insurers, CDN \$199,500.00 for Family Class Members and CDN \$570,000.00 for economic losses. The Settlement fund will also be used to pay the costs of notice (CDN \$186,303.52), claims administration (CAD \$55,000.00), and Court-approved Class Counsel Legal Fees (CDN \$1.425 million), plus disbursements and applicable sales taxes.

This Notice explains your rights and options as a Settlement Class Member.

A) THE REXULTI® CLASS ACTION

REXULTI® (generic name brexpiprazole) is a prescription medicine which is prescribed to treat certain mental health conditions, including schizophrenia, bipolar disorder and as an adjunctive treatment for major depressive disorder. During the time periods above, REXULTI® was sold in

Canada by Otsuka Canada Pharmaceuticals Inc (“Otsuka Canada”) and Lundbeck Canada Inc. (“Lundbeck Canada”).

The Class Action alleges that REXULTI® can cause, contribute or exacerbate a variety of compulsive behaviours and impulse control disorders, specifically compulsive or pathological gambling, hypersexuality, binge-eating, and uncontrollable shopping.

B) AUTHORIZATION OF A NATIONAL CLASS ACTION BY THE SUPERIOR COURT OF QUÉBEC

On December 3, 2021, the Superior Court of Québec authorized a national class action on behalf of:

All persons who reside or have resided in Canada who were prescribed and ingested the drug REXULTI® during the Class Period, starting from February 16, 2017, and who thereafter developed one or more of the following Compulsive Behaviours and Impulse Control Disorders:

- compulsive gambling;
 - hypersexuality;
 - binge eating;
 - compulsive shopping and/or spending;
- and their family members, dependents, heirs and estates.

All appeals were completed on May 5, 2023.

Notice of Authorization of the Class Action was previously published on March 15, 2024. The opt out deadline for Class Members who did not wish to participate in the Class Action expired on May 15, 2024. Those who became Class Members after the opt out deadline, meaning they first experienced Compulsive Behaviours between May 16, 2024 and August 23, 2025, may still opt out by completing an Opt Out Form as further described in Section G.

C) THE SETTLEMENT AGREEMENT & BENEFITS AVAILABLE TO SETTLEMENT CLASS MEMBERS

The parties to the Class Action have reached a proposed national Settlement on behalf of Settlement Class Members. The Settlement offers monetary benefits to Settlement Class Members who experienced Compulsive Behaviours or Impulse Control Disorders and related consequences, including psychological harm, illness and hospitalization, financial loss, and loss of care, guidance, and companionship.

The Defendants will pay CDN \$4,750,000.00 (the “Settlement Amount”) to settle the Class Action on a national basis, without admitting liability. This amount is inclusive of all amounts claimed including without limitation damages, costs, interest, notice costs, administrative costs, and the claims of provincial health insurers. The Settlement Agreement, in English or French, can be obtained from the [Settlement Website](#), through [Rochon Genova](#) or by contacting the Claims Administrator, as listed below.
